SUMMARY

Software Engineer with hands-on experience in MERN stack development and AI-integrated web applications. Proficient in designing relational (MySQL, PostgreSQL) and NoSQL (MongoDB) databases. Skilled in building responsive full-stack systems, integrating REST APIs, and implementing secure JWT-based authentication.

SKILLS

- **Languages:** Python, JavaScript
- **Frontend:** React.js, Redux Toolkit, Tailwind-CSS, HTML5
- **Backend:** Node.js, Express.js, RESTful APIs, JWT Authentication
- **Database:** MySQL, MongoDB, PostgreSQL
- **Tools & Platforms:** Git, GitHub, OpenAI, Postman, Vercel, SerpAPI, OpenRouter

EXPERIENCE

Software Engineering Intern
Mavericks United

May 2025 – August 2025
Lahore, Pakistan

- Developed a full stack solution to automate business development processes using React, Flask and MySQL.
- Significantly reduced manual effort and boosted team efficiency through automates scheduling and data management.
- Optimized database queries and managed schema migrations to support scaling internal operations.

PROJECTS

AGRIBOT

<https://github.com/hamzamughal-dev/Agribot>

- Developed an AI-based crop disease detection web application using pretrained CNN models (ResNet, MobileNet).
- Implemented image preprocessing and RESTful API integration for real-time predictions.
- Built a responsive farmer-friendly interface for uploading crop images and viewing results.

PAK TRAVELS

paktravels-frontend.onrender.com/

- Built a full-stack travel planning platform with trip search, registration, interactive maps, and real-time weather updates.
- Implemented secure user authentication, OTP-based password recovery, and admin dashboard features.
- Integrated MongoDB database for managing users, trips, and bookings efficiently.

CUSTOM DASHBOARD

<https://github.com/hamzamughal-dev>

- Developed a React-based dashboard integrated with OpenAI GPT-3.5 API for AI query assistance.
- Integrated Weather and News APIs and created interactive widgets for notes and task management.

EDUCATION

- **BS Computer Science** — Punjab University College of Information and Technology (CGPA:3.12)
- **FSc Pre-Engineering** — Government College University, Lahore (2019–2021)

COURSES AND CERTIFICATIONS

- **Complete Intro to React, v9** – Frontend Masters
- **Deep Learning for Images with PyTorch** – DataCamp
- **Understanding Prompt Engineering** – DataCamp
